Math: Introduce addition using pictures and manipulatives

Science/SS: Day & Night

Notes from the Teacher

I hope everyone had an enjoyable Christmas and restful time off! We are at the halfway point of kindergarten so we will be ramping up our learning! Please make sure you are practicing the sight words each night, as well as reading with your child. We are going to be reading more in class, and we are also going to begin sending two books home per week for the students to read or be read to. Specific instructions will go home in next week's VIP, but for this week, let your child choose a book from home each night. I would like for them to read to you, but also be read to each night. Also, report cards will be coming home this Friday so we will send agendas home with the report in the pocket. Have a great week!

Important Dates Coming Up

Jan 11 Report Cards come home
