September 14, 2015

Teaching a child the importance of punctuality is an integral part of developing responsibility and a good work ethic, as well as a vital part of “ensuring the tradition of excellence continues.” Class begins at 8:00 A.M. and when students arrive late, they not only miss out on valuable instructional time, but start their day already behind.

Due to the current high rate of tardiness, we will begin a weekly detention. Each week beginning April 13, student tardies will be monitored. Each time a student accrues 3 tardies, he/she will be assigned detention. Detentions will be held each Wednesday morning from 7:15- 7:45 A.M. in the K.I.D.S. room. Reports will be pulled each Friday and parents will be notified each Monday if their child is to serve detention on the following Wednesday morning.

Failure to report to detention will result in an additional second detention assignment. It is our hope that this program will help instill the importance of being on time in our students. Arriving at school on time and ready to learn, will help everyone’s day get off to a great start!

Sincerely,

Casie Cassell
Assistant Principal
